Chief, Intelligence Information Staff

29 January 1957

ATTN : [REDACTED]  
THRU : Chief, Industrial Division  
Chief, Electrical Equipment Branch

Request for Requirement, ORR No. 10467

This office requests the following information concerning the production of radar equipment at the plant where source was employed or at any other plant known to the source:

1. Name and description of radar.
2. Any alternate names or cover names used to designate the sets.
3. Name and location of manufacturing plant.
4. Radar production quantities and unit prices or any information from which production may be estimated, such as floor space, number of employees or material inputs.
5. Organizations or countries using the equipment.
6. Comparison of sets with similar Soviet sets.
